THERMAL CONTROL TECHNOLOGY

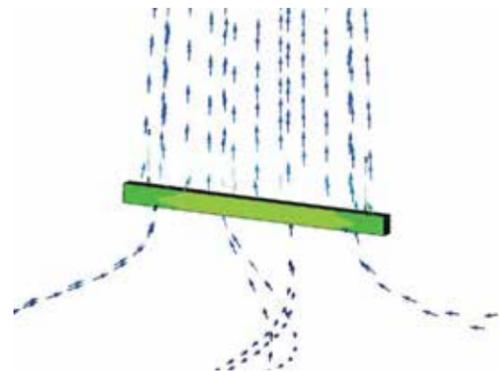

Advanced finite element analysis technology is used to optimize the product's heat dissipation structure design. The lamp's temperature rise is well controlled, the temperature difference between inside and outside is small, the heat is evenly distributed, and the luminous flux maintenance rate is high.

MAIN PARAMETERS

Model	GR-FX3880	GR-FX5080	GR-FX6890
Appearance size	L Any Length*W38*H80mm	L any length*W50*H80mm	L any length*W68*H90mm
Circuit board size	L any length*W29*1.2mm	L any length*W39*1.2mm	L any length*W59*1.2mm
Applicable power	40W/M	60W/M	80W/M
Diffuser optical system	L1200/2400*W35*H1.0mm	L1200/2400*W47*H1.0mm	L1200/2400*W64*H1.0mm
Rhombus plate optical system	L1200/2400*W35*H1.2mm	L1200/2400*W47*H1.2mm	L1200/2400*W64*H1.2mm
Honeycomb/horizontal stripe optical system corresponding dimensions	159MM	280MM	286MM
Optical system/ glare value	Rhombus cover	Cellular network	Horizontal stripes
	UGR≤20	UGR≤16	UGR≤14
Beam angle	120°80 degrees	120°85 degrees	120°95 degrees
Upper light module	Split type	Split type	All-in-one
Main structure	Stretched aluminum		
Aluminum color	Oxidation/Black/White		
End cap	Injection molding PC		
Light source type	LED 2835 SMD		
Light distribution	Symmetrical light distribution		
Protection level	IP20		
Installation method	Ceiling mounted	Hoisting

### FEATURES

1. New heat dissipation design ensures greater durability.
2. Quick and easy installation.
3. Adjustable brightness to meet the needs of various working environments.
4. Suitable for office buildings, offices, commercial spaces, and other settings.
5. Upward and downward illumination provides both primary and ambient lighting.

### ACCESSORIES

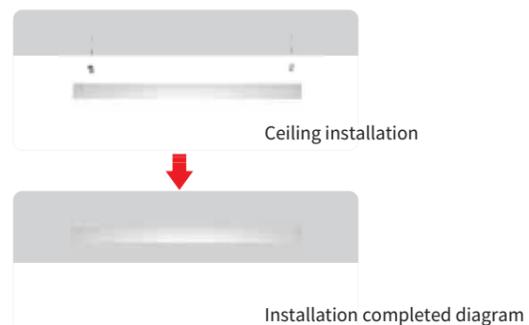

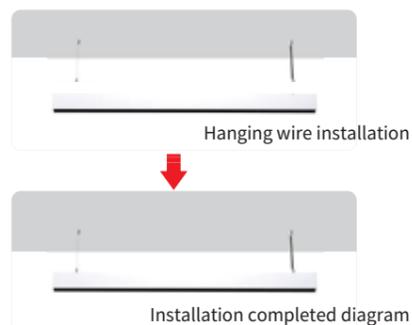

### THINGS TO NOTE

1. Installation must be performed by a professional electrician.
2. Do not disassemble the lamp to avoid danger.
3. During installation, wire ends must be protected.

Features	Optical combination options can be switched arbitrarily and installed quickly according to different scene requirements			

### FEATURES

1. Simple and elegant appearance, with housing options in white, black, and oxidized silver.
2. Two mounting options: ceiling mount and pendant mount.
3. Adjustable brightness to meet the needs of various work environments.
4. Suitable for office buildings, offices, commercial spaces, and other settings.
5. Main splicing installation, customizable length, and easy installation.
6. Compatible with various lighting fixtures and various other functions without restrictions.
7. Available with various lenses and reflectors for high light efficiency and a variety of colors.
8. Flexible optical combination options for quick installation.

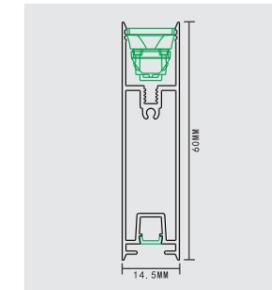

### THINGS TO NOTE

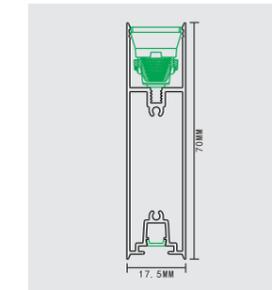

1. Installation must be performed by a professional electrician.
2. Do not disassemble the lamp to avoid danger.

Model: GR-BGD-Z100  
Dimensions: Width W100 x Height H100

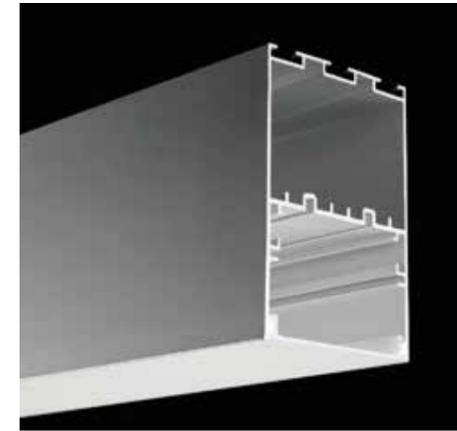

Model: GR-BGD-D120  
Size: Width W120\*Height H80

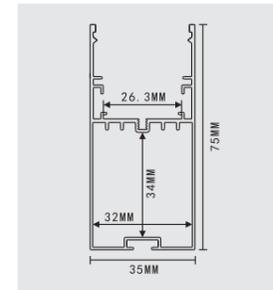

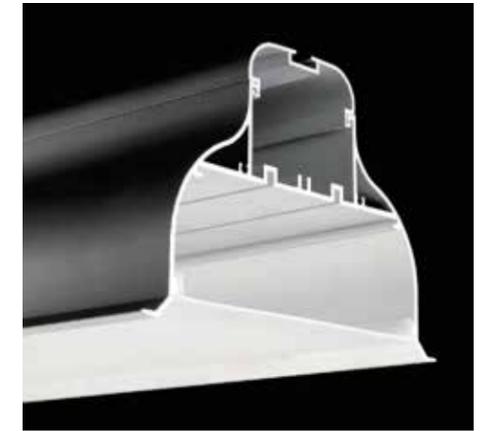

Model: GR-BGD-D150  
Dimensions: Width W150mm x Height H80mm

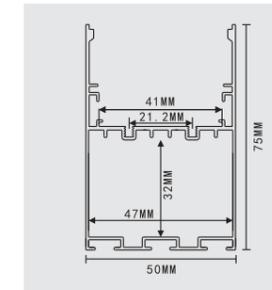

Model: GR-BGD-D200  
Dimensions: Width W200 x Height H75

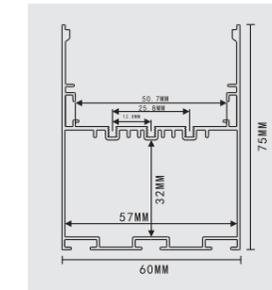

75

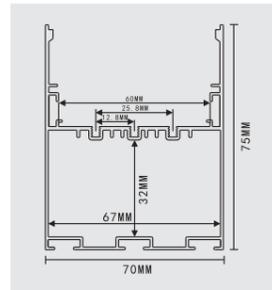

Model: GR-BGD-T35  
Dimensions: Width W35 x Height H75mm

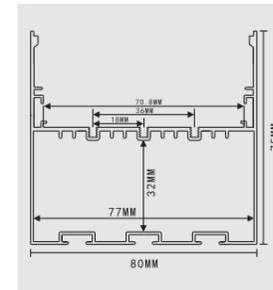

Model: GR-BGD-T50  
Size: Width W50\*Height H75

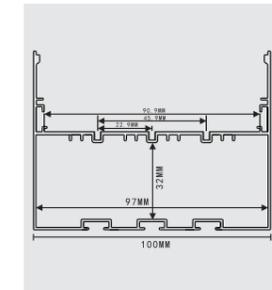

Model: GR-BGD-D60  
Size: Width WT60\*Height H75

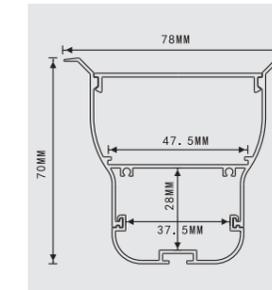

Model: GR-BGD-T70  
Size: Width W70\*Height H75

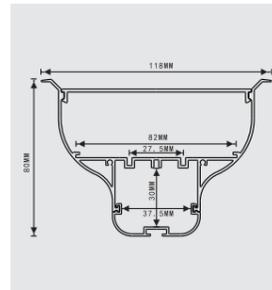

Model: GR-BGD-T80  
Size: Width W80\*Height H75

Model: GR-BGD-T100  
Size: Width W100\*Height H75

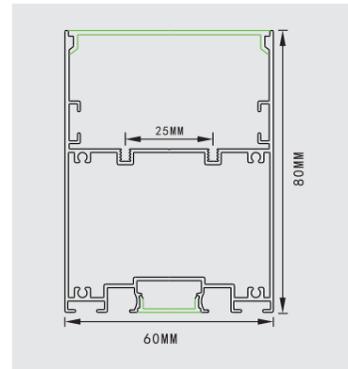

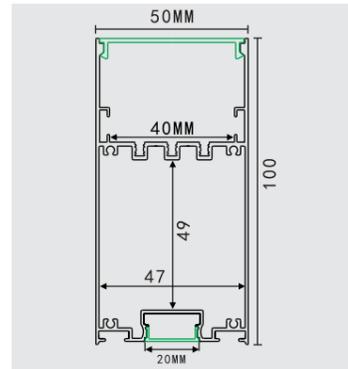

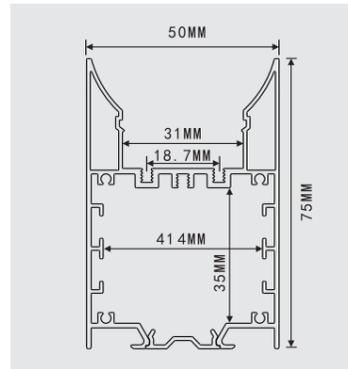

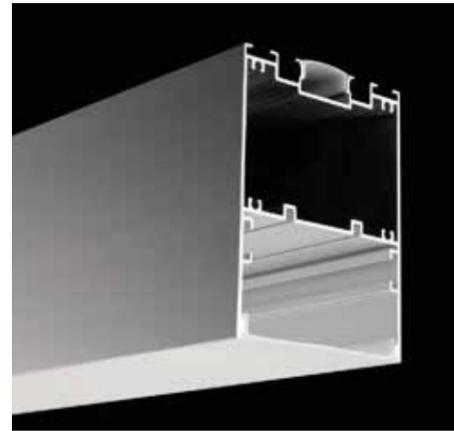

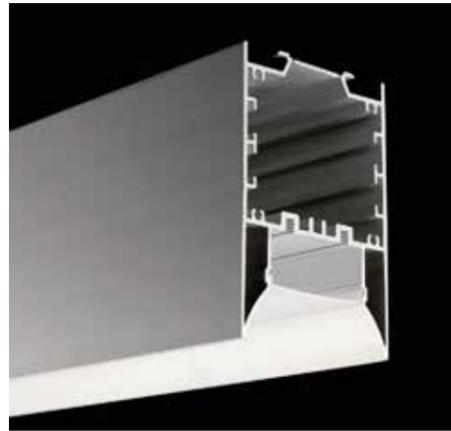

Model: GR-BGD-K60  
Dimensions: Width W78\*Height H70

Model: GR-BGD-K100  
Dimensions: Width W118\*Height H80

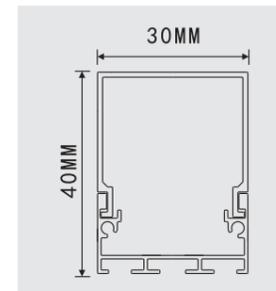

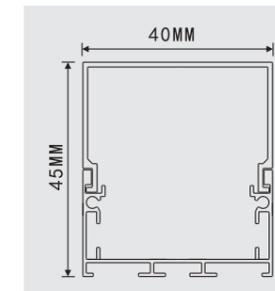

Model: GR-BGD-D35X  
Dimensions: Width W50mm x Height H75mm

Model: GR-BGD-D510  
Dimensions: Width W50 x Height H100

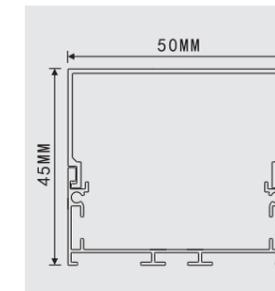

Model: GR-BGD-D602  
Dimensions: Width W60mm x Height H80mm

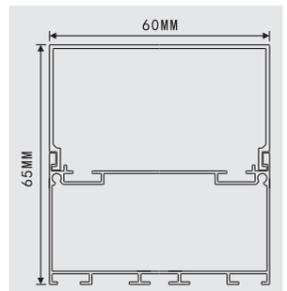

Model: GR-BGD-S30  
Dimensions: Width W30 x Height H40

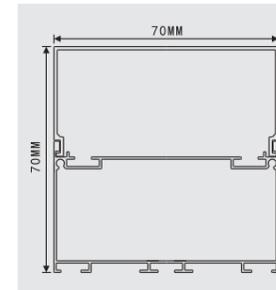

Model: GR-BGD-S40  
Dimensions: Width W40 x Height H45

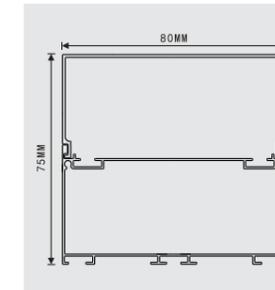

Model: GR-BGD-S50  
Dimensions: Width W50 x Height H45

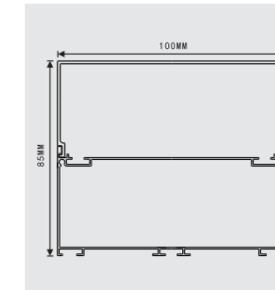

Model: GR-BGD-S60  
Dimensions: Width W60 x Height H65

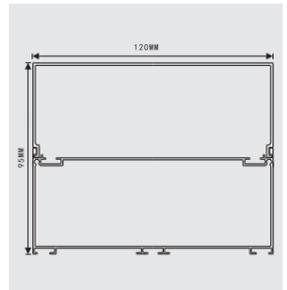

Model: GR-BGD-S70  
Dimensions: Width W70 x Height H70

Model: GR-BGD-S80  
Dimensions: Width W80 x Height H75

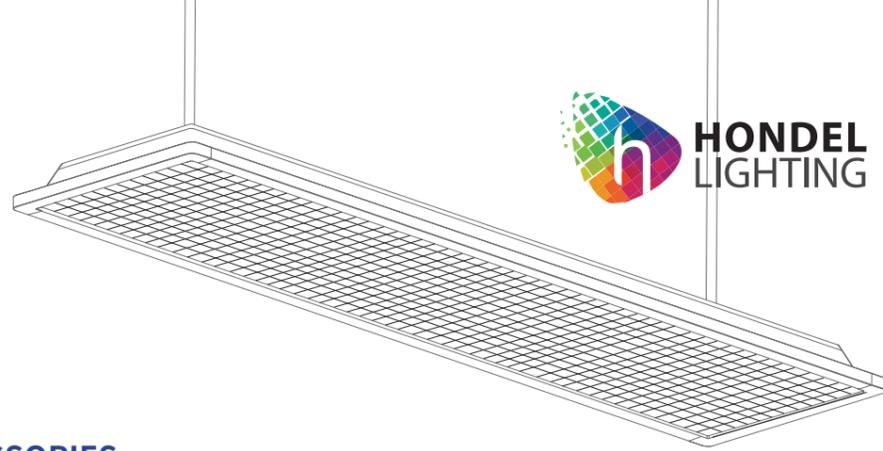

Model: GR-BGD-S100  
Dimensions: Width W100 x Height H85

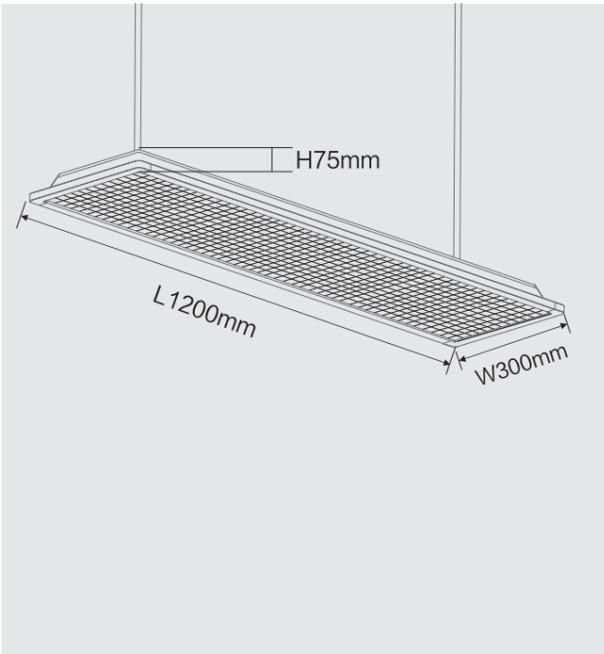

Model: GR-BGD-S120  
Dimensions: Width W120mm x Height H95mm

**CLASSROOM LIGHT ACCESSORIES**  
Education light series

**Accessories**

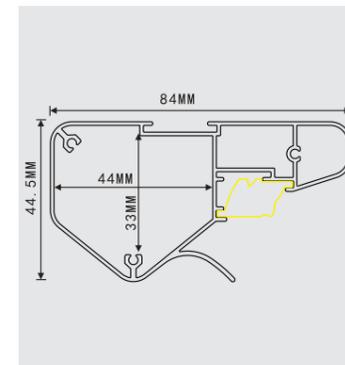

**Model:GR-JY-JS01**

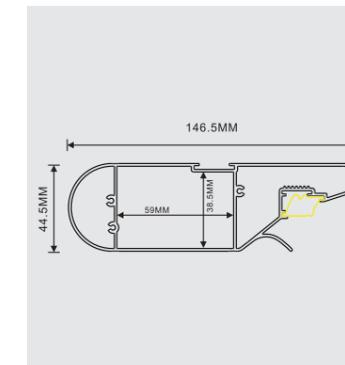

Lamp body/Housing	EXTRUDED ALUMINIUM+PS
Size	L1200*W300*H75MM
Color	WHITE
Optical system	Diffuser panel + anti-glare grille
Applicable power	36-48W
End cap	ABS
Angle adjustment/Tilting	FIXED NOT ADJUSTABLE
PCB Size	L1075*W15*H1.0MM
Blu-ray/UG	UG0
Light Type	SMD LED
Unified Glare Value/GUR	UGR 16
Protection grade/IP	IP 20
Light Distribution	SPECIAL LIGHTING
Installation method	HANGING WIRE MOUNT

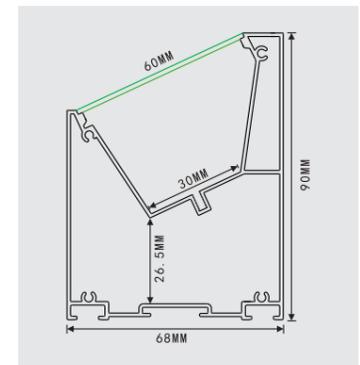

**BLACKBOARD LIGHT ACCESSORIES**  
Three-sided luminous series

Model: GR-JY-H03  
Dimensions: Width W84" x Height H44.5"

Model: GR-JY-H01  
Dimensions: Width 146.5" (W) x Height 44.5" (H)

Model: GR-JY-H02  
Dimensions: Width W68 x Height H90
